

# How to prepare the luggage

Never underestimate the importance of packing your bags in the right way and to make them travel in the best way.

- Choose the right luggage: suitcase, trolley, backpack or bag.
- Make a list of everything you need.
- Travel comfortably, bring only the right accessories.
- Go light, with your favorite bag and personal effects.
- **Ship all the rest.**

**A smart traveler knows how to travel by combining business and pleasure!**

## Suitcases and Bags

Choose your main bag, the most important piece of any trip. Each trip is unique and each requires a different bag: Hard trolley, Soft trolley, Sack, Bag, Backpack.

## Only the necessary

Choose the right accessories to stay comfy and keep things safe. Use a locker to keep your luggage safe, Travel pillow, Power adapter.

## Beauty cases, clutches and bags

Put everything in without ruining or creasing the contents. Everything is easy to find in an organized bag.

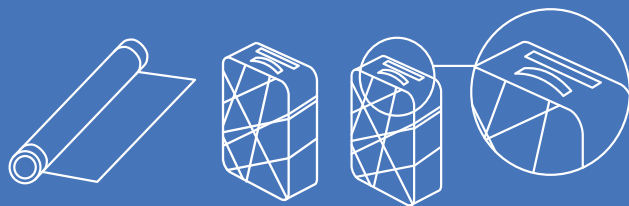

## Hand luggage

It is your faithful travel companion on a flight, train, car, all the way. Bring what you prefer, shoulder bag or backpack, better if it has the notebook case.

## The perfect shipment in seven simple steps:

- 1** Print the two additional labels that you will receive with your order confirmation via email. **Apply one label to the suitcase and leave the other inside the bag.** If it is not possible to print the labels, you can copy them on a paper sheet on your own.
- 2** **Apply one or more padlocks** to the luggage to prevent accidental opening and avoid the loss of objects inside them.
- 3** **Take and keep a photo of each side of the suitcase before applying the protective film.**
- 4** Wrap the entire surface of your luggage with transparent plastic film, the one to wrap the food is ok. **Remember: the application of the film is mandatory.**
- 5** **For trolleys, leave the removable handle and wheels out of plastic wrap.**
- 6** Take and keep a photo for each side of the suitcase, **so that at least one additional label is visible**, after applying the protective film, they are essential to assess the extent of the damage in the event of any refund requests.
- 7** **Remember to bring with you a roll of transparent film** in order to wrap your Luggage at the end of the cruise.

*If any damage is found after the delivery, it is necessary to take new photos of the luggage as delivered, without removing the protective film, and to submit the refund request by attaching all the shots in the email, adding also detailed photos of the damage.*
